PIONEER MOTOR HOTEL

When in about eight weeks the work will start for the building of the Pioneer Motor Hotel, which will be located east of the St. Albert Curling Rink, another progressive project will come in St. Albert. The complex will consist of twenty modern rooms, each with private bath and a complete city standard. A banquet room for 500 people will be the

future place of many local banquets and conventions for all over the Province. The Dining room is designed for 75 guests, the lounge for 75, the restaurant for 100 and the bar for 325 guests. There will be a swimming pool especially designed for the hotel guests. The commercial area will consist of a Barber Shop managed by Dave Joyal, a Beauty Parlor, a Drugstore (Vic's Super Drugs), a Grocery Store (8,000 sq. feet, Western Grocery), a Service Station (Pacific 66)

a Snack Bar (Orange Julius), a Bank, a Ladies Wear Shop, a Gift Shop, a Bakery, a Travel Bureau, and Billiards managed by Eddie and Frank Joyal (Eddie is the well known national hockey player). There will be a huge paved parking lot for about 325 cars. This parking lot can be used by the general public. The owners of the Pioneer Motor Hotel Ltd. plan to adopt "the Pioneer motive" for their hotel as St. Albert is the oldest community in Alberta.

OCTOBER ELECTIONS 1965

Council Meeting, August 23, 1965
 -Continued from previous issue-
Report from Mayor re Local Authorities Board Control. - Mayor Fowler reported to Council that he and the Secretary-Treasurer had discussed with Mr. McGregor of the Local Authorities Board the matter of withdrawing from this Board's control, and stated that there seems to be no doubt that the Town will remain under the control of this Board until

FORM OF GOVERNMENT PUT IN FREEZER! NEW LOCATION OF THE CENOTAPH

the financial situation of the Town is in a more healthy state. He further explained that at the present time the Town has outstanding accounts of approx. \$20,000.00, which could be called and that the Town has only a \$5,000.00 cash reserve. The Local Authorities Board is concerned about this matter and until such time as the Town could budget for a substantial cash reserve it would be more advantageous to remain

under its control. Mayor Fowler further commented that although the Board could exercise more control over the Town by sending men out at any time to look over the Town's books, this Board had not exercised this right over the past year. The Board has reviewed our budget only and, of course, all debt-bure borrowing for all Town's is ap-

FORM OF GOVERNMENT

Council Meeting, August 3, 1965
All Councillors except Councillor

de Bruijn were present. Councillor Bakker moved that item no. 1 on the Agenda (Form of Government) be postponed until Councillor de Bruijn was present, later in the evening. This motion was defeated. In regards to the statement of Councillor Bakker during the Council Meeting on August 23rd, that the Town was operating under a Town-Manager system illegally, came now in discussion. The Town had asked legal advice from the Town Solicitors who wrote in their reply to the Town that:

"We understand that at the present time departmental heads such as the Town Engineer, the Parks and Recreation Director and the Fire Chief are required to report directly to Mr. Wheatling, and that he is obliged to give certain directions to them in connection with the performance of their duties, without entering into a detailed discussion as to the nature and extent of the authority given to Mr. Wheatling we have the understanding that the existing arrangement does not in any way vest Mr. Wheatling with authority to determine matters of policy, notwithstanding the

fact that he is required to give approvals and directions to these departmental heads in connection with the operations of their departments. The question for consideration is whether it is lawful for Mr. Wheatling to perform these duties in view of the fact that they are not duties imposed by Section 67. Section 67 sets out the statutory duties of a secretary-treasurer. Sub-paragraph (a) to (i) set out specific duties. Sub-paragraph (u) requires the secretary-treasurer to "faithfully perform all other duties imposed upon him by this Act and generally carry out such instructions as may be issued to him from time to time by the Council."

Obviously sub-paragraph (u) was inserted in the statute to cover additional duties and instructions which a Council may feel should be imposed upon the secretary-treasurer. It is very broad, and in our opinion can be deemed to cover any duty other than one which has been expressly reserved by statute to be performed by the council itself or by some other designated official. Certainly there are duties which could not be performed by a secretary-treasurer. A council cannot delegate its legislative jurisdiction, nor could a council require the secretary-treasurer to perform a duty which by statute is expressly designated as one to be performed, for example, by an auditor or an auditor.

Councillor Donald said that there was no basis for a charge as we have heard the opinion of our Solicitors and he thought we should drop the whole story and continue with the agenda. Councillor Bakker replied that the case was not that simple. He once again explained to Council what he had said in his memorandum to Council that:

1. In consideration of any form of government it should be kept in mind that no system of government will work because of the system alone. It also requires capable and competent men to fill the positions. In a discussion of a government system present or past personalities that have held office are not a guide as to the effectiveness of a system of government.

2. The reason this subject is brought up now is that a municipality is required before a manager form of government is implemented.

3. My aim is to have an enabling by-law that permits (but does not oblige) the town council to change to a manager system, when and if it deems it desirable. At present the Council could not change to a manager system since a plebiscite must be held first. Last fall after the resignation of the senior administrative officer, it was found that the so-called manager system had been operating in St. Albert on a by-law that was considered invalid by the town's solicitors.

4. The policy handbook still refers to the "Senior Administrative Officer", although no such position at present exists. The duties of the Secretary-Treasurer are described in section 67 of the Town and Village Act. Section 79 provides (subject to a by-law approved in a plebiscite) that the executive and administrative duties may be delegated to and exercised by a town manager. The secretary-treasurer has no executive duties, but only deals with the administration of funds, by-laws etc. and corresponds on behalf of Council. The executive duties (i.e. control over all departments) are part of the duties of the mayor. The object of the manager system is to spell out that the mayor works (with the council) through the manager on all matters.

5. It is my personal opinion that the present council is trying to operate a manager system but calling it a Mayor-Council-Secretary-Treasurer system. I contend that there is no authority to do this. My recommendation to Council is to prepare a by-law to submit to the electorate next October to enable Council to institute the manager form of government if and when it deems it desirable.

During the statement of Councillor Bakker, Councillor de Bruijn arrived at the meeting. Councillor Bakker continued by saying, "We do not know at the present time what all the duties are of

the Secretary-Treasurer and at no time did a resolution come from Council to stipulate his duties. I do not have any personal feelings against Mr. Wheatley and I think he is doing a worthwhile job for our Town. I also feel that we cannot handle this problem tonight, it would take too much time. I suggest to have a special meeting on this subject." Councillor de Bruijn said that we now have a Secretary-Treasurer form of government and therefore we should not pay the Mayor such a ridiculous salary as \$450 a year. I believe that on the next elections the electors should decide on either a Secretary-Treasurer form of government with a paid Mayor or a Manager form of government with a paid commissioner or manager. Councillor Wheatley said that he didn't see that this problem, if it is a problem, is urgent at the moment. "We have many more other serious problems

to solve. We have the legal advice from our solicitors and let's face this case at the moment if it is really urgent." Councillor Parkes moved that in view of the answer of the solicitors that the Council is satisfied that we are working within the legal aspects of the Town and Village Act. Discussion followed this motion. Councillor de Bruijn asked Mr. Wheatley if he had informed the solicitors regarding all of his duties. Mr. Wheatley replied that he had informed the solicitors regarding some specific duties but not all of them. Many councillors were of the opinion that Mr. Wheatley as Secretary-Treasurer is not making any policy decisions. Councillor de Bruijn added that they could not vote in favor of the motion of Mr. Parkes because he said the solicitors didn't get enough

information. After his remark, Mr. Parkes withdrew his motion.

Councillor Bakker then brought before Council a recommendation regarding the form of government which read as follows:

Recommended Approach:

a) All Dept. Heads report and make recommendations to the Mayor (sec. 45 of Town and Village Act).
b) Prepare resolution for Alberta Union Municipalities to remove conflicts between sections 67, 73 and 97 and to allow towns with a population of more than 7,000 to determine its form of government without plebiscite.

c) So as to give freedom of action to council (until act is amended) prepare manager By-law to be submitted this October to the Electorate.

Councillor Wheatley remarked that he would never hope that a conflict could arise because we created it.

Appointees to Recreation Board and Centennial Committee - Due to the fact that quite a lot of money is involved in the Centennial Committee plans, Councillor Bakker suggested to have also a member of the Financial Committee on the Centennial Committee. At the present Councillor Bakker is the only representative of Council. Council decided that the Finance Committee will nominate one of their members to the Centennial Committee to be ratified by Council.

Closing of Garnett and Grange Drives - As sometime ago, seven residents in the Garnett and Grange Drive area petitioned for closing of the southside of these drives and Council decided to do so, two other residents in this area objected against this closure. Their appeal was done within the legal time after this case was advertised. The reason that the seven residents of this area want to have closed roads is that they were afraid that after the opening of the Klondike Inn more traffic would increase the dust in the area. Councillor Bakker moved that the Town should proceed to close these two roads. Also, Councillor Dodaie was afraid that some of the residents would become isolated, the motion was carried.

New Location of the New Cenotaph - On recommendation of Mr. Andre Gato, Parks Superintendent, and in agreement with the executive of the St. Albert Legion, Council decided to change the location of the new cenotaph from civic grounds to the southwest corner at the underpass on Churchill Avenue. Due to the late hour, once again Council couldn't finish their agenda and therefore decided to have a special meeting on Thursday, September 2nd at 7:00 P.M. to finish the agenda.

CHERCHEZ**LA FEMME** By Florence Lefebvre
Phone 599-7030

Today is the DEADLINE for news for the ever lovin' Gazette, and there's nothing to say or write about. So I'm thinking, and as I thought, the harder I thought the bigger the blank became.

The Winston Dictionary defines it first as mental activity; meditation; reflection. Second, that which the mind conceives, considers, remembers or imagines an idea; opinion; notion. Third, the power of imagining and reasoning; intellect; as man is endowed with thought; Fourth, concern; care; worry; as take thought for the morrow; Fifth, a way of thinking, or a group of ideas or beliefs characteristic of a period, nation, class, society or the like, and so on. I thought of all the organizations which we have in St. Albert. Checking in the Directory, I started to count the number, and the amazing truth is that there are almost one hundred, a few are not listed. That makes us 100% thoughtful! All these organizations in one way or another do something for others, some kind, gracious, thoughtful sort of thing. But we are much too modest. There's not enough publicity. If all the secretaries and publicity conveners were to write in to this column once a month, we'd have to use the first come, first serve system, and that would not include the social activities which are so interesting to read about.

Written reports and announcements are most appreciated. If meetings occur at the beginning of the week, send in any desired publicity before the weekend preferably by Friday, so that they may receive sufficient attention.

Monday afternoon - Not one notice in for my column and it's two o'clock! Not one solitary V.I.P. stepped off the St. Albert bus or ran down the train trestle! Where is everybody? No wonder, every mother is preparing Junior and Sister for school! The Gazette will just have to wait 'til next week. Next week! How about writing in for next week, so you can see it in print, and keep us in business? Bye for now.

Florence Lefebvre.

The members of the Parish bade farewell to our very zealous curate, Reverend Father Louis Morin, O.M.I., Sunday the 29th of August. In leaving, we are grateful that Father will not be far away, as he takes his new post at the

Star of the North Retreat House. Despite the dismal weather, parishioners came to a tea in the afternoon to thank him for all his wonderful accomplishments. During the tea which was served by the Catholic Women's League, a gift was presented as a token of gratitude. Those unable to attend join in wishing Father Morin success in his mission and offer thanks once more for the guidance and assistance he so generously gave while in the Parish.

UNITED CHURCH

Reverend Len J. Musto and his family have now moved into St. Albert. Mr. Musto will be conducting his first service as minister of the St. Albert United Church this coming Sunday, Sept. 5th. All are encouraged to attend to give a special welcome to the Mustos as they prepare to undertake their duties here. For this Sunday only, the service time will remain at 9:30 A.M. Attention U.C.W. - All ladies and their husbands are invited by the St. Albert Catholic Women's League to attend an address on "Communication Between Parents and Children" by Sister St. Francis Cabrini of Pine View Home, Edmonton. Time: Sept. 7th at 8:30 P.M. Place: Basement of Parish Hall. If you are planning to attend, please call Mrs. Bill Hite at 599-6131.

All Sunday School Children who wish to attend the Church School are asked to come and register Sunday, September 12. Sunday School classes will commence Sunday, September 19. For further information, please call Mr. S. Rindero at 599-6205.

Next Sunday will be Mr. Irvine's last Sunday with the St. Albert United Church congregation. He wishes to take this opportunity to thank everyone who has helped to make his stay in St. Albert a very pleasant and rewarding experience. The Christian Education Committee, which is responsible for the various phases of the Church's educational program, is hard at work planning for this coming year. However, leadership in the various programs and in the Church School has become a real problem. The Committee needs your help. It would be a very sad thing if some important aspect of the Christian Education program had to be dropped due to lack of leadership. If you will be able to help in any way please call Mr. Arthur Ralphs, Mr. S. Rindero, or Rev. L.J. Musto.
